

NADP - TAMIL NADU PRECISION FARMING PROJECT

KRISHI VIGYAN KENDRA – VILLUPURAM DISTRICT

Precision Farming Project was implemented in Villupuram districts between 2010-11, 2011-2012 and 2012-13. The programme is being implemented by Tamil Nadu Agricultural University, Commissionerate of Agriculture and Commissionerate of Horticulture. The overall monitoring, evaluation, training and technical support are offered by TNAU. The measurables include yield increase over the bench mark yield experience at Tamil Nadu Precision Farming Project at Villupuram districts. Linking the production with market so as to ensure economic prosperity of farmers.

NADP OF CLUSTERS OF HORTICULTURE CROPS / BIO-MASS TREE PLANTATION IN DRYLANDS (PUNJAI LANDS)

To improve the Socio economic status of the farmers and to enhance the production and productivity of crops of small and marginal farmers the scheme is programmed to develop Horticulture / Bio-mass tree plants in the patta dry lands (punjai lands) in clusters of 50 acre & above by production groups.

The patta dry lands of small and marginal farmers cultivated with crops under rainfed condition and without irrigation sources is focused for growing Horticulture crops or Bio-mass trees so as to generate employment and income to rural farmers.

The target and achievement of the NADP Scheme by the KVK, Villupuram district is as follow
